CONSTRUCTION

Renovations

In renovation the work to be done is usually to flip houses, We take an old house and transform it to a desired house.

Building

Building a house from the scratch, we do plot survey, architectural drawings, bill Of quantity, documents for bank financing, construction project implementation

INTERIOR INSTALLATIONS

Flooring & Ceiling

FLOORS:

We have different types of floors; wooden floors, tiles and granites.

Ceiling:

It a complex concept, we do gypsum, wood, metallic and plastic ceiling, can be used in different designs or even combined

Partitions and Decoration

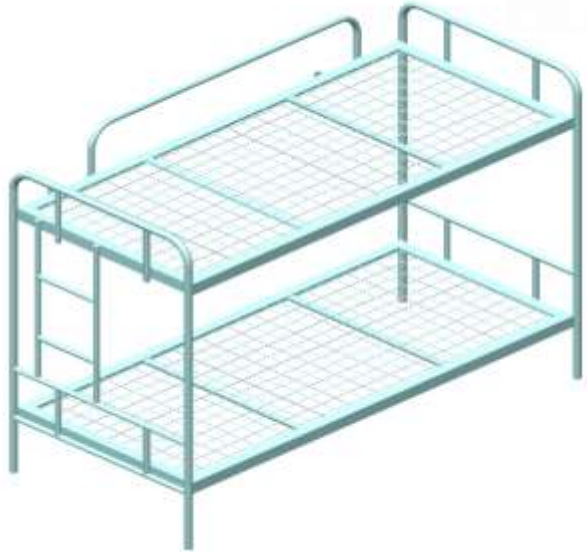

We build partitions and internal walls from wood, gypsum, steel, and aluminum for offices, hotels, restaurants and apartments. We do Painting, artistic works and curtain installation.

FURNITURE PROJECTS

SCHOOLS

RECREATION AREA

Recreation areas are leisure places in offices. The designs are made according to the space and type of work. Recreation areas include open spaces with desks and chairs, kitchens, and game spaces.

TABLE & CHAIRS

Scope: Office furnishing/ conference room & halls/ office desks & partitions
Materials: Wood, metal, cushion, Fabric

Workstation

OPEN SPACE

Offices usually go with the kind of work being done, the age of the users and the size of the space. Most of the offices nowadays like open and common working space

INTERIOR DESIGN

RECEPTION

Reception designs are usually focussing on the branding, reflecting the brand in the design. Meaning what the company does and stands for, the logo and colors. Keeping in mind the attraction of customers as a focus.

FURNITURE DESIGN & PRODUCTION
